Children Paint The Masters!™ Studio-Art History Club: Students will work individually and together to recreate classical masterpieces from different eras and genres: e.g. Italian Renaissance, French Impressionism, and Art Nouveau. The course includes sketching and composition, painting techniques of the masters, art history and symbolism, color theory and paint mixing, and the use of traditional and contemporary media. Club members will help create a large canvas that will be auctioned off at the Old Town Academy Spring Gala. They will also use their new skills and confidence to create original works of art for their own enjoyment. We invite all young artists to discover the joy of sharing their combined talents to the benefit of their school community while having fun, learning many new skills, and making beautiful art!
