

Old Town Academy

Two Chess Classes per week

Monday & Wednesday Chess Classes

Everyone Welcome: Beginners to Advanced

Chess has strong educational value. It teaches critical & abstract thinking, planning, logic and analysis. It improves the ability to concentrate and teaches the value of good sportsmanship. Chess also teaches the importance of behavior management: making good choices and considering all possibilities. Studies have shown that chess players improve overall in their grades, test scores and thinking abilities.

International Master Larry Evans and staff teach chess in 35 schools throughout San Diego. The program (once featured on The Tonight Show) has produced national champions at every scholastic level. Children come from all over to study at their summer camps in Lake Arrowhead & Balboa Park.

Every Child gets a trophy!
