Hello Old Town Academy Parents!

We are a small education organization located in Kensington and we provide camps and classes to youth and adults. We focus on family learning for global living and put an emphasis on creativity, curiosity and self-understanding. We are excited to be a part of the team bringing after school enrichment options to your students! Our new offering is:

OpenMinds Enrich

Grades K – 2nd
Monday-Friday 3pm-5pm
4/7/14-6/6/14 *(9 weeks)*

There are four components to OpenMinds Enrich.

1. Physical playtime to burn some energy and build some muscles! (about 20 minutes)
2. Homework help / tutoring time where we teach focus, early study habits and pride in your work. (about 40 minutes)
3. Project for the day as designed by the class. The first meeting we will have a group gathering that allows us to get the students to design their own content. It is wonderful to watch students relish in the power of choice! (about 60 minutes)
4. Book Club. (Any extra time at the end will be spent in reading a chapter book aloud that we choose as a group through a process of elimination or as a part of a large theme for that session.)
